Preface

The cemeteries of Tuscarawas County, Ohio, number more than two hundred. The objective for this project of the Tuscarawas County Genealogical Society is to list all the burials in the County and present a permanent record for posterity. To provide volumes we shall of necessity publish them in approximately six volumes. Volume 1, published in November of 1981, contained Auburn, Bucks, Franklin, Sugarcreek ,and Wayne Townships. Because the cemeteries in the city of Dover are very large, Volume II is made up of those and the smaller church and family cemeteries of Dover Township.

As always, we have made the greatest effort to copy names and dates exactly as they were on the stones. Other sources used were available cemetery records, which provided names, dates, and locations for many unmarked burials; records of officiating ministers and churches; and volunteered information by individuals. Of utmost importance are the inscriptions on the old stones which will soon be truly "illegible' and those which have fallen and must be unearthed. We are especially proud of the results of our efforts in this direction.

To facilitate research in this book we are providing:

An alphabetical index of surnames listing all pages where that surname is found.

Key of symbols used to conserve space.

Map of Dover Township showing locations of each cemetery in the township.

Map of the City of Dover(Canal Dover) showing cemetery locations within the city.

Index of cemeteries code numbers to help in locating.
